MEMORANDUM FOR DEPUTY DIRECTOR (PLANS)

1. Attached letter just received from Willie Crockett indicates that our luncheon conversation is now a fait accompli. To be bureaucratically proper, I think he is probably right since it is really not our prerogative to tell another Agency what portion of it we intend to deal with -- on the other hand, if we have any problems in this regard I would not hesitate to take it up at a higher level to get a decision favorable to us.

2. I am much interested in DD/P's reaction to the [redacted] [redacted] nuptial ceremonies or whatever it is we went through last Thursday and Friday.

3. Please let me know what further action, if any, I should take.

Marshall S. Carter
